11. **Staff Reports & Comments**

   A. Legal Report

   Pat Roach, Legal Counsel, stated there is an in-action item regarding the Department of Ecology groundwater surveys from 27 years ago. The groundwater sampling wells eventually dried up in 2008. Both DOE and BFT closed their files in 2008. The DOE file has been re-opened and counsel will keep the Board informed.

   Kevin Hebdon, Administrative Service Manager, opened his report by introducing a new member to the BFT team, Finance Manager Matthew Branson. Stated operating revenues through May are on track, operating expenditures are under budget, and capital funds remain strong. Other PTBA and Sales Tax information provided. Financials were included in the Board packet, and were discussed in detail at the Administration and Finance committee meeting.

   C. General Manager’s Report

Gloria Boyce reported on the following:

**Government Affairs Update**

**Federal:**

1) The Senate Appropriations Committee passed their Transportation, Housing and Urban Development, and Related Agencies Appropriations bill, where we saw a lot of positive funding for programs important to localities, such as level funding for CDBG and HOME. Overall, the bill provides $19.47 billion in discretionary appropriations for the Department of Transportation - $978 million above the FY2017 enacted level. Here are some other funding highlights:

- Provides $550 million for TIGER Grants - $50 million above FY17 (zeroed out by the House)
- Provides $45 billion for the Highway Trust Fund.
- Provides for $12.13 billion for the Federal Transit Administration - $285 million below the FY2017 enacted level. However, transit formula grants total $9.73 billion, which is consistent with the FAST Act.
- Provides $2.13 billion for Capital Investment Grants or New Starts.
- Provides $1.94 billion for the Federal Railroad Administration - $122 million above the FY2017 enacted level.

Special thanks to Senator Murray for her efforts in securing transportation funding programs.
2) I received notice Monday that Jo Eckert, DC Transportation Policy Advisor to Senator Murray requested a site visit for next Monday, 8/14. We will discuss with her our two projects in which we are seeking discretionary funds and which Senator Murray has provided a letter of support as well as our upcoming service changes, and technology & facilities upgrades.

3) BFT will also attend TriDec’s Luncheon on Monday featuring Senator Cantwell as speaker.

4) Our lobbyists, Dale Learn and Paul Hoover of Gordon Thomas Honeywell will be out October 12 for a site visit and Board presentation.

   i. All operators have received information guide books with all new system maps in preparation for the Service change. They look great.
   ii. Collective Bargaining Agreement goes to vote on September 12th.

B. STEVE BECKEN

They are currently dealing with major inefficiencies, 20-105-minute wait-times and picking up people so late that they’re still calling about their pick-ups when they’re scheduled to already be En route on their return trips!

C. STEVE YOUNG
   i. Commended the staff for the research and development that went into the resource binder used during Executive Sessions. The work shows.
