3. **Pledge of Allegiance**
   CHAIRMAN WATKINS invited all in attendance in the Pledge of Allegiance.

4. **Citizen’s Public Comment/Introduction of Visitors**
   CHAIRMAN WATKINS acknowledged a full room of guests and invited Bill Barlow, Interim Director of Planning & Service Development to provide a brief statement that may address some of the public comment topics in the room.

   “Staff continue to work through all aspects and impacts of the recently renewed contract with the Arc and Tri City Taxi for contracted Services, which we are still in negotiations. Bill Barlow and Gloria Boyce worked to diligently prior to last month’s meeting to identify a solution for the night recreation activities. The Arc has applied and been granted acceptance into the Community Van Program. Staff has identified three lift-equipped vehicles which have been added to the Community Van Program to accommodate requests and special events for the benefit for all community van partners. These vehicles are available for use beyond regular Fixed Route hours. As always, we value and appreciate feedback from the public and we will continue seek solutions for our community. Ben Franklin Transit is tracking night service customer comments and resolving issues as diligently as possible. It is the recommendation of staff to utilize the Customer Service system to ensure adequate response and resolution.”

   CHAIRMAN WATKINS called for public comment on any item not further down on the agenda.
Christine asked a question of the Board regarding night services, if it was true that a cap had been placed on Night Service. CHAIRMAN WATKINS called on staff to answer. Bill Barlow, Interim Director of Planning and Service Development, stated yes, 75 rides a night. Discussion was held.

Greg Bird, participates in Monday Night football events at a local venue. Mr. Bird expressed concerns with Night service calling time, ride times, and wait times.

Tina Collins, Finley inquired if these issues also affects the Feeder. She indicated instances where riders are forced to stay until as late as 11pm for a 9pm event end. “For the services, we thought we were paying for, we purchase the Freedom Pass. These people feel like their lives are being taken away. If the Transit would run until 9pm or 9:30pm, it would allow these guys to have a life.”

Christine inquired a clarifying question, regarding the cap of rides. CHAIRMAN WATKINS encouraged Bill Barlow to hand out his cards to the folks with more detailed questions.

Tracy Bronson, Dial-A-Ride Driver inquired on who questions and comments should be directed to? CHAIRMAN WATKINS directed them to Bill Barlow, to which Bill Barlow, Interim Director of Planning and Service Development requested all comments be logged in the CCR for the quickest response.

Teresa Payne of Richland provided the Board with a letter, “Hi. My name is Teresa Payne. The date is 10-11-18. This letter is for Benton Franklin Transit Board concerning night service. There is some stipulation in hindering my ability of being independent. The ridership need to be looked at. They are limited. I am thankful for your contract that you have with Benton Franklin TriCity Cab for the night service. I do utilize all the time as much as I can ride. There might become a times when I get a job. If I cannot get a ride, I will be stuck calling my family. I will have a problem getting home on my own. I think that need to be changed.”

CHAIRMAN WATKINS followed up on the comments and stated that Section 10, Resolution 51-2018 – Authorizing the General Manager to Release for Public Review and Comment the Proposed 2019 Operating & Capital Budget will address service levels, should any members of the Public choose to stay for comments and questions.

CHAIRMAN WATKINS stated the floor is still open for public comments. Hearing none, he continued with the agenda.

E. Resolution 49-2018: Recognizing BFT Employee Stan Strand’s 36 Years of Service

Ken Hamm, Director of Transit Operations stated that Stanley Strand was hired on July 19, 1982 and submitted a letter of retirement to BFT with an effective date of Friday, September 28, 2018. Stan is now “switching lanes” into a new direction.

Not only is Stan our longest serving Ben Franklin Transit operator, but he is one of the safest! This past July, he earned his 33rd National Safety Council Award. With approximately 3.6 million miles under his seatbelt, that is quite the accomplishment! To put that in perspective, that’s nearly 8 trips to the moon and back! In 2017, he was honored with special recognition for his driver’s safety record by the Washington State Transit Insurance Pool.

After more than three decades behind the wheel and in the classroom, Stan has transported hundreds of thousands of Tri-City residents all over the region and provided countless lessons and trainings to fellow employees. It is believed that all current Operations staff have been at one time or another, trained by Stan Strand. Through the years, Stan’s intelligence, consistency, and positive attitude have made him one of the go-to people for past knowledge and historical perspective of the transit. In addition to new driver and refresher trainings, Stan was also BFT’s main CPR instructor and even trained maintenance employees on shop safety. In 2004 and 2016, Stan was recognized as BFT Employee of the Year. In 2018, as a tribute to his exemplary career, Stan was featured as the face of the “We’re Going Places” marketing campaign.

Stan is now enjoying life on his farm with his family and friends. Those still here at the transit will miss him tremendously. He was always one to brighten your day. Angie Stringer, Operations Admin stated it well, “Stanley is an exemplary human being. He is kind, courteous, helpful, has a great sense of humor and is generous not only in-house, but also outside of work, where he
volunteers his time and resources.” Stan, we miss you already and wish you nothing but clear paths and smooth roads in retirement.

Staff and the Board of Directors recognized Stan by providing him with an Honorary Bus Stop, a lifetime pass, and a certificate of excellence.

10. Discussion/Information Items

A. 3rd Quarter Performance Report

Ali Madison, Director of Marketing & Communications provided the Board with updates on Total System Boardings, Fixed and Demonstration Route Performance, and Seasonal Event Services. This year’s Art in the Park event shuttle continued its uptrend in boardings, with an increase of about 12%. While staff was not provided attendance data for this year’s Columbia Cup, shuttle performance appears to somewhat mirror event attendance and the event’s director has said that attendance typically dips between five-year anniversary milestones. This year was the event’s 53rd year, so by that logic we would hope to see an upswing in attendance and boardings for the 55th annual event in 2020.

Capping off BFT summer of seasonal event services was the Benton-Franklin Fair & Rodeo in August, which coincided with BFT hosting the Washington State Transit Association’s annual Roadeo and Conference. Again, BFT offered shuttles from six locations, as well as a one-time return trip shuttle to West Richland, Benton City, and Prosser. Frequency varied from 15-60 minutes, depending on origination point and time of day. While we had an uptick in boardings on Tuesday and Saturday of the fair this year, total boardings were down 11.5% from 2017. That said, total fair attendance dipped about 12.5% this year, which further supports the observation that our shuttle ridership tends to reflect those fluctuations.

Ms. Madison then provided the Board with a review of Marketing and Outreach efforts, which included the following: Demonstration Route promotion, Kennewick Sustainability Forum, Pasco Farmers Market, Art in the Park Shuttle Service, Water Follies Shuttle Service, National Night Out, Benton-Franklin Fair Parade, Head Start Resource Fairs, Benton-Franklin Fair & Rodeo, Platform presence @ 22nd Avenue, Kamiakin + Southridge HS Resource Fairs, Benton City Daze Parade, Pasco School District Staff Presentation, and Legacy HS Resource Fair just to name a few.

Ms. Madison, concluded with an update of 2018 major goals and initiatives.

CHAIRMAN WATKINS opened the floor for questions and comments, to which there were none.
