B. Paratransit Presentation – Ken Hamm, Director of Transit Operations

A revised copy of the presentation was distributed to the Board members prior to the presentation. As instructed by Ms. Boyce, Mr. Hamm put together a comprehensive presentation for the Board to educate what paratransit is about and as a response to the questions that have come up by attendees at the last few board meetings. Mr. Hamm mentioned he presented the information to the January 6 Planning and Marketing Committee. The Americans Disability Act law mandates paratransit service for transit systems. Paratransit is defined as a comparable transportation service, as related to our fixed route, and is not a taxi service. Ben Franklin Transit’s paratransit service is called Dial-A-Ride (DAR). Mr. Hamm broke down the presentation into the following sections of information.

A. How does DAR work - Application process, customer reservations, scheduling, dispatch service and driver responsibilities
B. DAR Operations – Staffing and what an average day in DAR looks like
C. Program and Policy Changes – Pick-up window, Will-Calls, early returns, travel time, mass certification compliance, eligibility standards, No-Show policy, staff communication, customer communication
D. Initial Results – Average daily shift, average length of combined daily breaks, average number of daily breaks, 2019 vs 2018 slack time or when drivers are in operation but not carrying a passenger, 2019 vs 2018 overtime, 2019 vs 2018 on-time performance, 2019 vs 2018 late trip summary, 2019 vs 2018 average trip time, 2019 vs 2018 No-Show and monthly DAR ridership YTD
E. Customer Comment Records (CCR) – 2019 comparison, 2019 DAR CCR type

Mr. Hamm commented that improvements are always being discussed and he currently addresses drivers concerns on an individual basis in addition to having further discussion at the quarterly listening session.

ACTION: DIRECTOR BLOOM requested to view Year-to-Date data of DAR peak time ridership over the last 10 years.
12. **Staff Reports & Comments**

A. **Legal Report – Pat Roach, Attorney, Roach and Bishop - Nothing to report.**

B. **Financial Report – Julie Thompson, Senior Budget & Grants Analyst**

Ms. Thompson reported that year-to-date as of November 30, 2019, BFT reported $40.3 million in operating revenues, which is $1.4 million under prior year-to-date. Operating expenditures are $37 million which is just shy of $1.9 million above prior year-to-date. Fares and boardings are in line with what we expected. The Treasurer's Report as of December 31, deposits are secure with over $8.2 million remaining in undesignated reserve funds. For sales tax revenue it increased 8.1% in December for October 2019 business as compared to October of 2019. Receipts in December for October sales were $3.3 million. Ms. Thomson then opened for questions. She clarified that a decrease in fares is due to the loss of the taxi service and that riders are purchasing passes that cost less.

With no further questions for Ms. Thompson, VICE CHAIR KOCH moved to the General Manager’s Report.

C. **General Manager’s Report – Gloria Boyce**

**Federal:**
